Subject: Tex Reg Haze FIP
Attachments: Texas Reg Haze FIP Briefing for Clint Woods 06_19_2019.docx

After briefing with Clint Woods and Justin yesterday, we got the decision to

Repropose Tex Reg Haze Trading Program FIP with annual emission caps and penalties to establish assurance level for the intrastate SO2 trading program to further justify and preserve CASAPR better than BART and to remove the opt-in provisions. The changes will be proposed as a narrow supplemental proposal with a request for comments. (TCEQ indicated to us that they preferred the changes be proposed with a comment period.)
